# Measures endorsed by the Government

- On Sunday, April 12, the Venezuelan government extended the ongoing "social quarantine" measures for an additional 30 days.
- The measures, which were introduced on Tuesday, March 17, will continue to apply to all 23 states and the capital Caracas.
- It is mandatory to use a face mask in all public spaces since Sunday, March 22. Venezuela's police force has also been deployed to ensure public compliance with the quarantine measures.
